JOHN M. DALTON  
GOVERNOR

EXECUTIVE OFFICE  
STATE OF MISSOURI  
JEFFERSON CITY

We, the people of the great state of Missouri, welcome you to visit our scenic state parks and historic shrines. Mrs. Dalton and I have vacationed in several of them and are pleased to assure you that you, too, will have a restful and relaxing vacation.

As you travel in Missouri, you will see the green hills in the north. . . the prairies in the west . . . and in the south, the Ozark mountains, man-made lakes and clear, springfed streams. In all these sections of Missouri, we are proud of the parks which have been set aside to preserve the handiwork of Mother Nature.

All these areas offer opportunities for nature study, water sports, camping, fishing, sight-seeing and other outdoor recreation.

Our historic shrines preserve Missouri's historic past by recognizing such famous Missourians as Samuel L. Clemens, better known as Mark Twain, General John J. Pershing, and former President Harry S. Truman.

Again, I welcome you to visit our Missouri State Parks and historic shrines - visits you will always remember.

  
John M. Dalton  
Governor of Missouri

SCENIC SWIMMING

HISTORIC

BOATING BRIDLE TRAILS

THE MISSOURI STATE PARK SYSTEM is not confined to one small region but extends over the entire state. The present thirty-three state parks and five historic and memorial shrines are of such diversity and appeal that they are a vital cog in the role that Missouri assumes as the playground of the Middle West. These state parks range from picnicking areas, to trout fishing streams, to mammoth springs, to man-made lakes, to historic shrines.

The development of physical properties in state parks has given park users a choice of modern cabins, hotels and dining lodges. During this development program the cardinal rule of the conservation of trees and flowers was adhered to, thus state parks have retained their natural rustic character while furnishing modern conveniences.

Missouri's State Parks are under the jurisdiction of a six-man bipartisan State Park Board, which in turn employs a director to administer the department as well as the other needed employees who operate the various state parks. With the full support and cooperation of all park visitors, Missouri may achieve its goal in having the outstanding state park system in the nation.

This booklet was designed to serve as a guide to the entire Missouri State Park system. By proper use it can be a valuable adjunct to a most wonderful vacation or period of relaxation to one and all.

Missouri State Park System Photographs  
By HADLEY K. IRWIN

**ALLEY SPRING STATE PARK** is located in Shannon County, 6 miles west of Eminence on State Highway 106. The outstanding feature in this park is the picturesque spring as it emerges as an underground stream from the base of a tree-covered cliff surging into a blue, clear pool. The Spring branch races over the old mill dam and meanders through the 407-acre park to join Jack's Fork, world-famous as a small-mouth bass stream. The overnight campgrounds are located on both sides of the Spring branch. Excellent swimming is provided in the clear, cool water of Jack's Fork. The old red mill, built in 1870, is a landmark in the community and stands on the bank of the Spring pool. The grinding mechanism has been restored, and corn meal, ground by the old burrs, may be purchased by the public. Foot trails, for hiking and nature study, wind through the park, over the hills and along the stream. Wildlife will be found in abundance. A new concession building, housing shower, laundry and modern rest room facilities, is available.

**ARROW ROCK STATE PARK** is located in Saline County, 15 miles east of Marshall on State Highway 41. In this park you will see the old Arrow Rock Tavern; the old jail, the first built in the new West; the young ladies' Seminary, built in 1843; the home of George Caleb Bingham, the artist; and the old Santa Fe Spring. Picnic and camping facilities, with tables and ovens, are provided in this 35-acre park.

**BABLER STATE PARK** is located 20 miles west of St. Louis on State Highway 109 off of St. Louis County CC. This 2,400-acre tract was a gift to the State from Jacob L. Babler and Henry J. Babler of St. Louis as a memorial to their brother, Dr. Edmund A. Babler, a well-known Missouri physician and surgeon. It was laid out and developed under the supervision of many of America's best park and forestry authorities and is intended as a great playground for the St. Louis area. This park is not operated by the Missouri State Park Board.

**BENNETT SPRING STATE PARK** is not only one of the oldest but is the most popular park in the system. The outstanding feature of the park is the large volume of clear, cold water from the sixth largest spring in Missouri, with an average daily flow of 71,000,000 gallons. As the spring branch wanders through the picturesque valley to the Niangua River, the clear, cool water furnishes excellent rainbow trout fishing. The stream is stocked daily from the well-operated hatchery within the park. Bennett Spring State Park, consisting of 730 acres, is located 12 miles west of Lebanon on Highway 64. The overnight campgrounds have been enlarged and a new comfort station, complete with showers, automatic clothes washer and dryer, has been added. Also, a house trailer park with connections for water, electricity and disposal has been added. Other facilities available are: dining lodge, cabins, store, picnic grounds and nature museum.

**BIG LAKE STATE PARK** is located in Holt County, 11 miles southwest of Mound City on State Highway 118. This park, consisting of 111 acres which adjoins a 625-acre oxbow lake, is popular among motorboat enthusiasts, canoeists, swimmers, fishermen, picnickers and, of late, iceboating.

This partially timbered and level area contains a large picnic area, campgrounds, modern overnight cabins, store, new air-conditioned dining lodge, bathhouse, boat dock and boats.

**BIG OAK TREE STATE PARK**, containing 1,007 acres, 80 acres of which are in virgin timber, is located in Mississippi County on State Highway 102. This botanical garden contains a number of the largest living specimens of big trees in America, according to the American Forestry Association, such as: Green and Pumpkin Ash; Shellbark Hickory; Possumhaw Holly; Bur or Mosscup and Mutabilis Oaks; and Swamp Poplar. A 22-acre lake has been constructed to provide fishing in the future. Picnic tables, ovens and a shelter are provided for the day visitors.

**BIG SPRING STATE PARK**, consisting of 5,836 acres, is located in Carter County, 4 miles south of Van Buren on State Highway 103. The outstanding feature of the park is the large volume of clear, cool water gushing from the base of a high limestone bluff. It is considered the largest single outlet spring in the United States with a maximum flow of 846,000,000 gallons daily. The facilities in the park are numerous for picnicking, tent and trailer camping, swimming, nature trails, naturalist, boating, public boat launching ramp, fishing, bridle trails and horses, modern cabins, store and dining lodge. This park is bordered on the east by the clear, swift-flowing waters of the famous Current River. The new Pea Vine Area is now open with enlarged camping and picnicking facilities; a new comfort station with showers and coin-operated, automatic clothes washer and dryer; a new shelter; and a house trailer park with connections for water, electricity and disposal. This park also has a 2,400-by-200-foot turf landing strip.

**BOONSЛИCK STATE PARK** is located on State Highway 187, 10 miles northeast of Boonville. This area is being preserved in a state park as a historic site, one of the earliest centers of white men's activities in the interior of Missouri. Salt was made at Boonslick spring as early as 1805 by the two sons of Daniel Boone, Daniel M. and Nathan. The salt was boated down the Missouri River to settlements and St. Louis. Facilities available for picnicking and nature trails.

**CIVIL WAR BATTLE OF LEXINGTON STATE PARK**. Here is the site of the Battle of Lexington, more popularly known as the "Battle of the Hemp Bales," on September 18, 19 and 20, 1861, fought in and around the City of Lexington between Major General Sterling Price of the Missouri State Guard and Col. James A. Mulligan, Commander of Federal troops. The engagement ended in a victory for the South. Nearly a hundred years' weather has not erased the outline of the trenches. Neither has the plow turned this sod. The park is located in Lexington from U. S. Highway 24. The historic Anderson House is in this park.

**CONFEDERATE MEMORIAL STATE PARK** is located in Lafayette County, 1 mile north of Higginsville on State Highway 20. The memorial park area of the Old Confederate Soldiers' Home, consisting of 95 acres, is now maintained as a state park. The entire area is beautifully landscaped, which

will be preserved along with the cemetery, monuments and other commemorative items. Picnic tables and ovens are provided for the day users.

**CROWDER STATE PARK** is located in Grundy County, 2 miles west of Trenton on Highway 6, and is in memorial to General Enoch H. Crowder. This park, consisting of 640 acres of very rugged terrain nestled in the green hills of north Missouri, is outstanding. A man-made, 20-acre lake provides swimming, fishing and boating. Picnicking and overnight camping is popular throughout the season as is the enclosed shelter. Camp Grand River, the organized group camp which has a capacity of 120, is one of the best liked and most modern of the sixteen in the state park system.

**CUIVRE RIVER STATE PARK** is located in Lincoln County, 5 miles east of Troy on Highway 47. This heavily wooded park of 5,822 acres is interlaced with over 50 miles of foot trails, providing excellent hiking and nature study. Big Sugar and Little Sugar creeks wind through the area to find their way to Cuivre River, which is the western border of the park. It is rich in Indian lore—thirty-nine campsites, villages and mounds have been located within the boundaries. The park contains four organized group camps, Sherwood Forest, Derricotte, Cuivre and Frenchmans Bluff, which are heavily used by public non-profit organizations. The public use area is equipped for picnicking and overnight camping.

**FORT ZUMWALT STATE PARK**, containing 48 acres, is located in St. Charles County, 1 mile west of O'Fallon on Alternate U. S. Highway 40. The remains of the oldest hewn timber cabin north of the Missouri River may be seen here. It is also the site of a fort built in 1798 by Jacob Zumwalt. The U. S. Daughters of 1812 erected a monument at the entrance of the park to commemorate the scene of the first battle of the War of 1812 in Missouri. Overnight camping and picnicking facilities are available. A new enclosed shelter is now available by reservations only. This park is closed at 10 p.m. daily.

**JOHNSON SHUT-INS STATE PARK** is located in the northeast corner of Reynolds County, 8 miles north of Lester-ville on County M. The spectacular feature in this very rugged country is the picturesque shut-ins of the east fork of the Black River. Over eons of time the stream formed a canyon-like defile by cutting a gap through a shelf of the oldest exposed rock in Missouri. This 2,478-acre park will be left in its wilderness state with only facilities provided for picnicking, overnight camping and nature trails.

**KNOB NOSTER STATE PARK** is located in Johnson County at Knob Noster on U. S. Highway 50. This 3,441-acre tract is heavily wooded, and has many miles of nature trails built for those who enjoy hiking and nature study. The area abounds with deer and other wildlife. The two organized group camps, Shawnee and Bob White, are used by non-profit organizations during the camping season from April 15th to October 15th. Several lakes have been built to provide swimming and fishing. Other facilities are: picnic tables, ovens, shelters and overnight campgrounds.

**LAKE OF THE OZARKS STATE PARK**, located near Osage Beach, is the largest in the Missouri State Park system, containing 16,335 acres. It has 89 miles of shore line and about 4,000 acres of water. The park includes most of the Grand Glaize Arm of the lake. Two public swimming and boat launching areas are provided. Public Beach No. 1 is located at the end of Highway 134, and Public Beach No. 2, including enclosed shelter, picnicking and boating launching facilities, is  $\frac{1}{2}$  mile from U. S. Highway 54, 2 miles south of Grand Glaize Bridge. Other available facilities are abundant, such as: boating; fishing; picnicking; tent and trailer camping; showers; modern rest rooms; coin-operated automatic laundry equipment; horseback riding; nature trails; and the six organized group camps, Rising Sun, Clover Point, Hawthorn, Pin Oak, Red Bud and Pa He Tsi.

**LAKE WAPPAPELLO STATE PARK** consists of 1,854 acres of an area known as the Allison Peninsula on Lake Wappapello. The area is located approximately 10 miles north of Poplar Bluff on State Highway 172 from U. S. Highway 67. The U. S. Corps of Engineers licensed this land to the Missouri State Park Board for the establishment of a state park. The lake provides excellent crappie, black bass and jack salmon fishing. Facilities available, other than fishing, are: swimming, boating and overnight tent and trailer camping. The modern comfort station has hot and cold showers and coin-operated, automatic clothes washer and dryer.

**LEWIS & CLARK STATE PARK**, consisting of 61 acres, is 20 miles southwest of St. Joseph on U. S. Highway 59. This park is located on the southeast shore of Sugar Lake, which covers approximately 400 acres. Picnic facilities for day use and overnight campgrounds are available for visitors to the park. A large pan and game fish hatchery is located in the park, from which many northern Missouri streams and lakes are stocked.

**MARK TWAIN STATE PARK** is located in Monroe County, almost equal distance from Paris, Perry and Monroe City, on State Highway 107, and is a memorial to Mark Twain. This park consists of 1,192 acres of rough and tumble terrain. On the bluff overlooking the Salt River is hallowed ground, for here was born Samuel L. Clemens who brought literary fame to Missouri. There are overnight camping grounds, organized group camping, and a number of nature trails wind their way through the park. A new enclosed shelter has been constructed on Buzzard's Roost, and four new housekeeping vacation cabins have been added to the park's facilities.

**MERAMEC STATE PARK**, consisting of 7,153 acres, is located 4 miles east of Sullivan on Highway 155. This park is the state's second largest and is one of the most scenic, with the Meramec River cutting through rough, timbered hills; some 20 caves, headed by the big Fisher's Cave, and a dozen or more small springs. Fisher's Cave is the first large cave discovered west of the Mississippi. The park is a game refuge, and deer may be seen frequently. Facilities are pro-

# MISSOURI

The "Family"

Vacationland

vided for fishing, swimming and boating on the Meramec River, a dining lodge, nature trails, cabins, picnicking, overnight camping grounds and trailer connections. A new modern comfort station has been constructed, providing hot and cold showers, and coin-operated laundry equipment for the convenience of the overnight camper. The nature museum, with new displays, is under the supervision of and serves as the headquarters for the park naturalist during the summer months.

**MONTAUK STATE PARK**, consisting of 846 acres, is located 21 miles southwest of Salem on State Highway 119 in Dent County. The clear, cold waters of Montauk Spring, flowing 40,000,000 gallons daily, emerges from the floor of a broad open valley enclosed by timbered slopes to form the headwaters of the Current River. A large trout hatchery is located near the spring and the stream is kept well stocked with trout. An old grist mill, with all machinery intact, still stands on the bank of the river. The hotel, dining lodge, sleeping and housekeeping cabins are completely modern. In addition to fishing, this park is an ideal spot for nature study. A new overnight campground with modern rest room facilities, showers and coin-operated laundry equipment is now available. The picnic area has been enlarged also.

**PERSHING STATE PARK**, consisting of 1,836 acres, is located 2 miles west of Laclede on U. S. Highway 36 in the woodland and prairie area of Linn County. This park is a memorial to General John J. Pershing, Commanding General of the American Expeditionary Forces in World War I. The General's boyhood home in Laclede has been acquired by the State Park Board for preservation. The statue of the "War Angel" in the park was dedicated to all mothers of America in 1940 by the American War Mothers of Missouri. Excellent picnicking facilities with tables and ovens, overnight camping, organized group camping and nature trails are provided.

**ROARING RIVER STATE PARK**, consisting of 2,988 acres, is located 7 miles south of Cassville on State Highway 112 in the most beautiful part of the Ozarks, and, except for the river valley, is rugged, mountainous and well timbered. The huge spring, which is the beginning of Roaring River, gushes 28,000,000 gallons of clear, cold water into the channel of Roaring River. A large trout hatchery is located near the spring, and the river is well stocked with trout at all times. The overnight campgrounds have been enlarged. Also available is a new comfort station with shower and laundry facilities. Camp Smokey is available to non-profit organizations for group camping. Other facilities available are: hotel, dining lodge, cabins, store, picnic grounds, nature trails, swimming pool and riding stable.

**ROUND SPRING STATE PARK**, consisting of 75 acres, is located 12 miles north of Eminence on Highway 19. The chief attraction of the park is the well-like spring after which it is named. Its average flow is 26,500,000 gallons daily, and it is the only spring in Missouri that has formed its own natural bridge. The spring is without sign of current, and it

is usually clear or milky blue in color. Water from the spring emerges in a spring branch, which speeds picturesquely under a footbridge, through a grove to Current River about 1,000 feet away. This park is an idyllic spot for campers and picnickers. Facilities available are: fishing, swimming, boating, nature trails, store, overnight campgrounds, picnic grounds with tables and ovens, and playground equipment for the youngsters. The new concession building houses modern rest rooms, showers and coin-operated laundry equipment.

**SAM A. BAKER STATE PARK**, consisting of 4,898 acres, is located 3 miles north of Patterson on Highway 143 in Wayne County, the birthplace of Sam A. Baker, former Governor of Missouri. On your first visit to this park, you will be struck by the beauty of nature's own landscaping from the summit of beautiful Mudlick Mountain, the bluffs and shut-ins along Big Creek and the swift clear waters of the St. Francis River. Wildlife will be found in abundance in the park, and may be seen from numerous nature trails in the area. This park has become a popular family vacation spot, and the park's facilities have been designed for family accommodations. Available facilities are: swimming, a well-equipped kiddies' playground, cabins, dining lodge, nature trails, overnight campgrounds, picnicking and store. The coin-operated, automatic clothes washer and dryer are located in the cabin area.

**TABLE ROCK STATE PARK** is located in Stone and Taney Counties, 5 miles west of Branson from State Highway 76 on Highway 165. This area, consisting of 552 acres on Table Rock Reservoir, is licensed from the U. S. Corps of Engineers. It is situated in the heart of the Shepherd of the Hills country near inspiration point where Harold Bell Wright camped to write his famous novel about the Hills' people. Facilities available are: two boat docks (one for fishing and the other for recreation); a large concrete boat launching ramp; swimming; picnicking; an overnight campground complete with modern comfort station, hot and cold showers, automatic clothes washer and dryer; and a house trailer park with connections for water, electricity and disposal.

**THOUSAND HILLS STATE PARK**, consisting of 3,152 acres, is located 4 miles west of Kirksville on Highway 6. This park is located in the beautiful green hills of north Missouri and has for its principal feature the large man-made 703-acre lake. It has a 17 mile shore line and provides such water sports as motor boating (outboards only—18 h.p. maximum), water skiing, surfboards, paddle-boats, rowboats, swimming and fishing. The lake is stocked with crappie, bluegill, channel cat, black bass and jack salmon. The facilities available are: enclosed shelter, bathhouse and bathing beach, a well-supplied boathouse, boat dock, launching ramp for boats, picnic grounds with tables and ovens, open shelters and playground equipment for the youngsters. The large overnight campground is equipped with modern rest rooms, hot and cold showers and coin-operated, automatic clothes washer and dryer.

**TRAIL OF TEARS STATE PARK** is located in Cape Girardeau County on the limestone bluffs overlooking the mighty Mississippi. This park, consisting of 3,256 acres, was a gift to the State of Missouri by the residents of Cape Girardeau County, the first by any political subdivision. The park contains a portion of the route known as "The Trail of Tears" used by the Cherokee Indians in their forced march from Tennessee to Oklahoma. Among the many who died was Princess Otaiki, whose grave is now marked with a memorial monument. A dense and healthy stand of trees cover the area, which contains many fine specimens of American beech, tulip, winged elm, Spanish oak and dogwood. Facilities available are: picnicking; nature trails; an overnight campground complete with modern comfort station, hot and cold showers, automatic clothes washer and dryer; and a house trailer park with connections for water, electricity and disposal. For the boater, a landing and launching ramp has been constructed on the Mississippi River.

**VAN METER STATE PARK**, consisting of 641 acres, is located 14 miles northwest of Marshall. This park offers excellent facilities for picnicking and camping, and a playground for kiddies is conveniently located in the main picnic area. The park is made distinctive by a thick growth of walnut trees and other flora. Indian remains date from early man cultures (10,000 B.C.) to the Historic Missouri Indian. Archaic Indian cultures are in evidence up to Early Woodland cultures. The Middle Woodland culture (Hopewell) built the "Old Fort," the only known earthworks of this kind west of the Mississippi. The Missouri Indians, after whom the State is named, lived in the area from early 1600 into the historic era and was at one time the most concentrated Indian occupation in the United States. The site is being used for the Missouri University's "Summer Field Session in Archaeological Research."

**WALLACE STATE PARK**, consisting of 160 acres, is located 6 miles south of Cameron on Highway 121 in Clinton County. This park is an excellent example of how a regional recreation area can well serve a community. The enclosed shelter as well as open shelters are very popular and are almost in constant use. This well-kept area also furnishes ideal picnicking facilities, excellent equipped playgrounds for the youngsters, fishing in a small lake, overnight camping, an area set aside for boy and girl scouts' overnights, and nature trails have been laid out through the rough parts of the park for hikers and nature students.

**WASHINGTON STATE PARK**, consisting of 1,101 acres, is located 14 miles southwest of DeSoto. Although it is not one of the state's larger parks, it is favored by many for its secluded setting, its excellent picnicking and camping sites, and its fine fishing and swimming in Big River. In addition, this park contains a concentration of hundreds of petroglyphs (prehistoric carvings in stone). Thunderbirds and other symbolic figures are interpreted for the public enjoyment. In front of the dining lodge is a parking lot and kiddies' playground. To the east is a baseball diamond and picnic area

along the river. To the west, foottrails lead along the river to a cave and to the bluffs overlooking the river. Also, there are cabins, shelter houses and overnight campgrounds provided.

#### HISTORIC SHRINES AND MEMORIALS

**The ANDERSON HOUSE**, which is in the Civil War Battle of Lexington State Park, overlooks the battlefield and was used as a field hospital during and after the battle. The limestone foundation, the slave-made bricks and the walnut wood interior are wonderfully preserved. Bullets and cannon balls left their mark on both inside and outside walls of the house. The Anderson House is being restored and beautifully furnished with authentic period originals. It is open daily, except Mondays, for the public to visit.

**ARROW ROCK TAVERN** was built about 1830 by Judge Joseph Huston, and is furnished with antique furniture of the period which the old tavern represents. Excellent meals are served in the newly remodeled and air-conditioned dining room, and is listed as one of the better places in the Midwest to eat. The Old Tavern is located in Arrow Rock State Park. The tavern is maintained by the Missouri State Park Board and operated by the Missouri Society of the D. A. R.

**MARK TWAIN BIRTHPLACE MEMORIAL SHRINE** in Mark Twain State Park. The Shrine, of modern design and built of steel, concrete and native Missouri stone, with large glass gables to allow a bit of Twain's beloved outdoors to penetrate the rooms and cast their glow over the small two-room frame cottage in which he was born November 30, 1835, contains not only the home in which he was born, but a modern museum displaying many of his personal belongings. Exhibits will interpret his life, experiences and his literary works. Missouri's native son, Mark Twain, became the world's best loved author and humorist, cheering and comforting a tired world.

**GENERAL JOHN J. PERSHING HOME MEMORIAL SHRINE** is located in Laclede, 1 mile north of U. S. Highway 36 on State Highway 5. The house, of rural Gothic architecture, was built in 1858 and is one of the very few of this design west of the Mississippi. The restored house is decorated and furnished in the period 1860-1880. Most of the furniture is handcrafted of walnut. One room of the 11-room structure houses a museum interpreting the life of "Black Jack," General of the Armies John J. Pershing. (It was dedicated a public Shrine September 13, 1960.)

**HARRY S. TRUMAN BIRTHPLACE MEMORIAL SHRINE**, located in Lamar, has been completely restored and redecorated. Furnishings of the period when Mr. Truman was born have been acquired, and the house is now open to the general public free. The United Automobile Workers, who purchased the property and donated it to the State for the creation of a shrine, have erected a monument on the southeast corner of the property bearing the inscription, "I ask only to be force for good for my God and my people," as a tribute to the 32nd President of the United States.

## MISSOURI STATE PARK RULES AND REGULATIONS

CAMPING is permitted in most State Parks, but only in the place assigned by the superintendent, with a limit of 15 consecutive days. Demand a signed receipt for all camping fee payments. Any of the following groups is considered to be a "camp unit" and must register and pay required fee (see schedule below).

- (a) A single tent occupying one unit site.
- (b) Two connected tents occupying only one unit site and used by only ONE family.
- (c) A single trailer equipped to be lived or slept in.
- (d) A single car, truck, bus or other vehicle used for living or sleeping quarters.
- (e) A sleeping bag, hammock, or similar device used for sleeping with no other shelter.  
(Reservations are not accepted for overnight camping.)

Fee—\$1.00 per night per camping unit:

Alley Spring	Lake of the Ozarks	Montauk	Table Rock
Bennett Spring	Lake Wappapello	Roaring River	Thousands Hills
Big Spring	Meramec	Round Spring	Trail of Tears
Knob Noster			

Fee—75c per night per camping unit:

Arrow Rock	Cuivre River	Mark Twain	Wallace
Big Lake	Fort Zumwalt	Pershing	Washington
Big Oak Tree	Johnson Shut-ins	Sam A. Baker	
Crowder	Lewis & Clark	Van Meter	

In a few parks there are modern trailer hookups, and at those facilities the fee will be \$1.50 per trailer per day. This fee is applicable in Bennett Spring, Big Spring, Meramec, Table Rock and Trail of Tears State Parks. At other parks where trailers are furnished an electric service connection, the fee will be \$1.25 per trailer per day.

DOGS, CATS, STOCK, POULTRY, or any other domestic animals are not permitted to range within the park at any time. Pets are permitted only when on leash, said leash not to be more than ten (10) feet in length.

FIRECRACKERS OR FIREWORKS are absolutely prohibited at all times.

FIRES may be built only in the ovens, stoves or rings provided by the State Park Board, and must be extinguished before leaving the area. No camp fires will be permitted in the overnight camp areas after 10:00 p.m. (C.S.T.). Fires may be prohibited entirely by the posting of special signs.

HUNTING AND FISHING. No person shall pursue, catch, kill, or take any wildlife in any manner, or in any quantity or at any time or place, except as permitted by the rules and regulations of the Missouri Conservation Commission. The possession of a firearm shall be considered prima facie evidence of violation of this regulation.

SWIMMING is permitted only in designated places and only at swimmer's risk. Swimming is also restricted to hours between sunrise and sunset.

SPEED LIMIT not in excess of 20 miles per hour, for any vehicle. These regulations are intended to protect the right and interests of all park patrons, and should be observed in the spirit of consideration for others.

Any person violating the criminal laws of the State of Missouri applicable to state parks will be prosecuted by the Missouri State Park Board.

Adopted this 8th day of December, 1961, pursuant to authority granted by Chapter 253, RSMo, Cumulative Supplement, 1953.

MISSOURI STATE PARK BOARD  
Jefferson City, Missouri

## FACILITIES

Dining lodges and cabins in Montauk, Bennett Spring and Roaring River open March 1 and close October 31. The opening date in other parks with cabins April 15 and closing date October 31.

### HOTEL

1 person ..... 3.00 2 persons ..... 4.00

### SLEEPING CABINS

1 double bed ..... 5.00 2 double beds .... 8.00-8.50  
1 double bed and 1 twin bed ..... 7.50 3 double beds ..... 10.00

### HOUSEKEEPING CABINS

1 double bed ..... 6.50 2 double beds ..... 10.00  
1 double bed and 1 twin bed ..... 8.50 3 double beds ..... 12.00

### IN MARK TWAIN STATE PARK

1 to 6 persons ..... Slightly Higher  
(If rented by the week, seventh day free)

Where available and during summer season, 50c per day additional for air conditioning per cabin or room. Make reservations with Concessionaire. "One day's deposit required on rental units."

All quoted prices apply to the 1962 season.

Other than fishing license, \$1.00 per day is charged by the Conservation Commission for a trout fishing tag in Bennett Spring, Montauk and Roaring River State Parks.
